
SHERRIFF ELECTRICAL WHOLESALERS

GETTING READY TO ORDER ONLINE

A guide to your online account with Sherriff Electrical Wholesalers.

INDEX

WHAT YOU NEED TO KNOW

- Your prices are online. Any agreements setup between you and your branch for special pricing will be available on the website.
- Any products available throughout the entire Sherriff Electrical network of branches will be available to you.
- If all products are available right away, your order will be ready to be picked up within a few hours.
- Online only deals will be available.
- You can change the branch you're shopping from at any time.
- You can setup users, departments and budgets for your account.
- Check the availability of products from the branch at any time.
- Any purchase, whether online, or in branch can be viewed within your online account.
- Have your invoices and statements sent to you at any time via email.

SETTING UP AN ACCOUNT

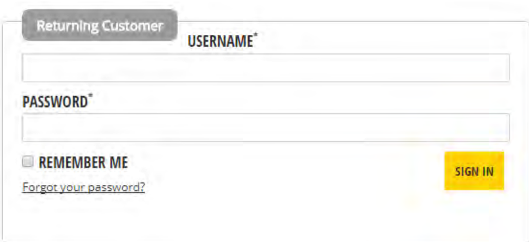
In order to begin purchasing online, you'll be required to sign up to a credit account with Sherriff Electrical. Applications for credit accounts are open to organisations and businesses registered within Australia.

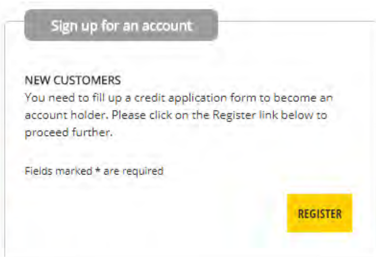
What details do you need to provide?

When signing up to a credit account, you will need to acknowledge that the credit provided by Sherriff is wholly or predominantly for business or investment purposes. Please also have the following items ready:

- If you are a company or business, you will need to provide an ABN and at least two trade references (name and phone number).
- Payment details (bank details).

The online application for credit will take roughly 10 minutes to complete, whilst credit applications are processed within two or three business days. You will be contacted with your account details once your approval has been finalised.





FIRST TIME LOGGING IN

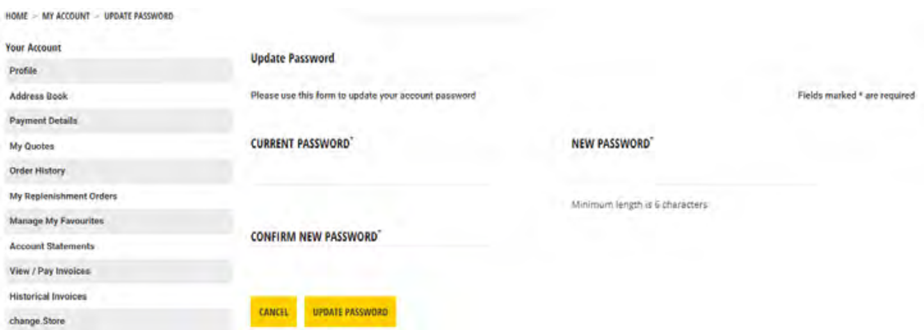
The first time you login there are a few areas you need to look at first.

CHANGING YOUR PASSWORD

You will be provided with a password for your account but to ensure your account is completely secure you should change your password as soon as possible to something unique, that only you know.

Complete the following steps to change your password:

- Login to sherriff.com.au using your current username and password
- Click 'My Account' in the top right of the screen.
- Under profile click 'Change your password'
- Fill out the form with the appropriate details and click 'Update Password'

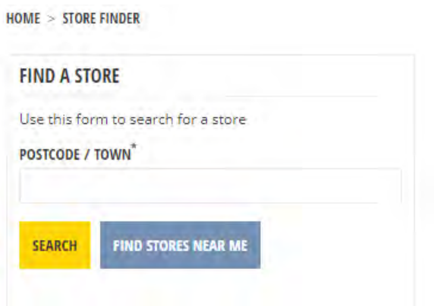


CHANGING YOUR BRANCH

Your account will be setup with a default Sherriff branch for the website. The branch will be chosen based on the data provided when you signed up for a credit account and is usually the one closest to you. The data from the branch will determine information such as local availability of products, pricing and expected delivery times. The location of your nominated branch is on the left of the screen.

To change your nominated branch for online shopping complete the following steps.

- Click either the down arrow next to the branch name at the top left of the page or click 'My Account'-> 'Change Branch'.
- Enter the town or post code for the store you want and click 'Find Store' or use the 'Find Stores Near Me' button.
- Select the store you wish to use from the list returned.

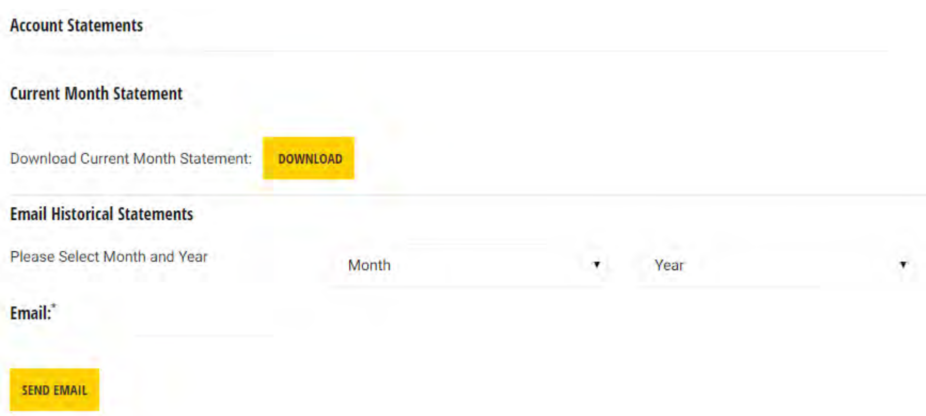


VIEWING ACCOUNT STATEMENTS

If you already have an account with Sherriff all of your previous account details will be available on the Sherriff website. If you have a new Sherriff account, whether you purchase online or in store, your complete history, invoices, statements etc will be available within the account section as they occur.

To view account statements

- Go to the ‘My Account’-> ‘Account Statements’ section.
- To receive the current month’s statement, click the ‘Download’ button.
- To have historical statements emailed to you, select the month and year you wish to receive, enter the email address and click the ‘Send Email’ button.

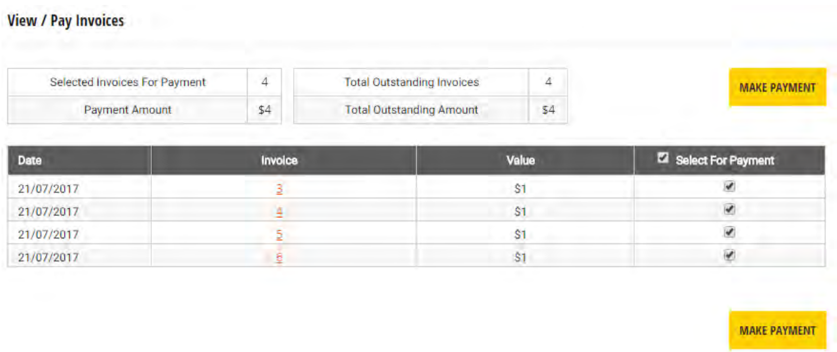


VIEWING AND PAYING OUTSTANDING INVOICES

One new feature is the ability to pay your invoices online. You can view and pay invoices by selecting ‘View/Pay Invoices’ within the ‘My Account’ page. Any outstanding payments will show the outstanding dollar value. Paid invoices will display ‘$0’ as the value.

To pay an invoice:

- Tick the boxes in the ‘Select for Payment’ column for the invoices you wish to pay.
- Scroll either to the top or the bottom of the page and click the ‘Make Payment’ button.
- Fill in the payment details. If you have stored a credit card for future payments you may select the ‘Use a Saved Card’ button. The form will be automatically be filled with the saved details.

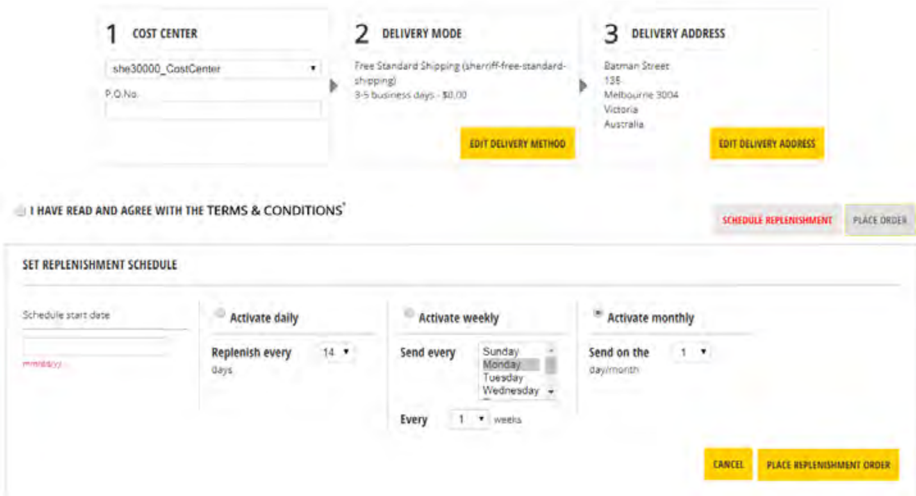


HELPFUL TOOLS IN THE ACCOUNT

REPLENISHMENT ORDERS

Replenishment Orders are the fastest and best way to ensure your trucks are always stocked with the items you need all the time.

Replenishment orders can occur as frequently or infrequently as you would like, whether it be daily to monthly. Setting up a replenishment order is as simple as creating an order online.



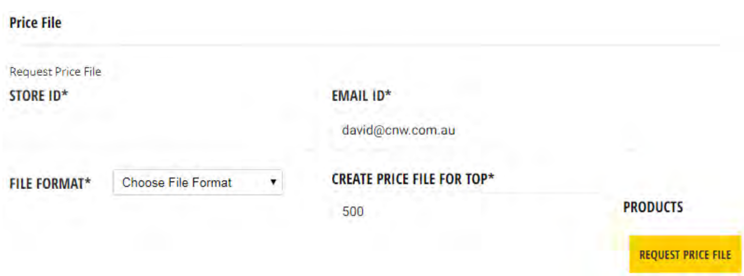
To setup a replenishment order:

1. Browse the Sherriff shop for all the items you want in your order and add them to the shopping cart.
2. Click the cart at the top right of the page to go to the Shopping Cart.

3. Review the items you want. Please make sure the quantities are correct.
4. Proceed to the Checkout by clicking on the Checkout button.
5. Select the cost centre and purchase order number, along with the delivery mode.
6. Click ‘Schedule Replenishment’ button.
7. Select the date you want the replenishment schedule to start.
8. Select one of the time frames and adjust it to how you want the order to be filled.
9. Click ‘Place Replenishment Order’.

PRICE FILES

Price files can now be ordered directly through the website. These are now automatically generated and will be emailed to the address you provide. Please be patient and only send through the request once. Price files may take up to a couple of hours to be generated and emailed, depending on server loads.



To download a Price File please complete the following steps:

- Go to ‘My Account’-> ‘Price File’
- Select the branch you wish to receive the price file from. Start typing in ‘Sherriff’ followed by the suburb of your branch and an auto complete will appear with all the branches available.
- Complete the rest of the details, including the file format type and the number of products you want to get a price file for.

FAVOURITES

Are there products you are constantly ordering? Your ‘Favourites’ can now be saved into different lists to help manage your product orders more effectively. Simply select your Favourite items from your list and add them into the shopping cart to create your order.

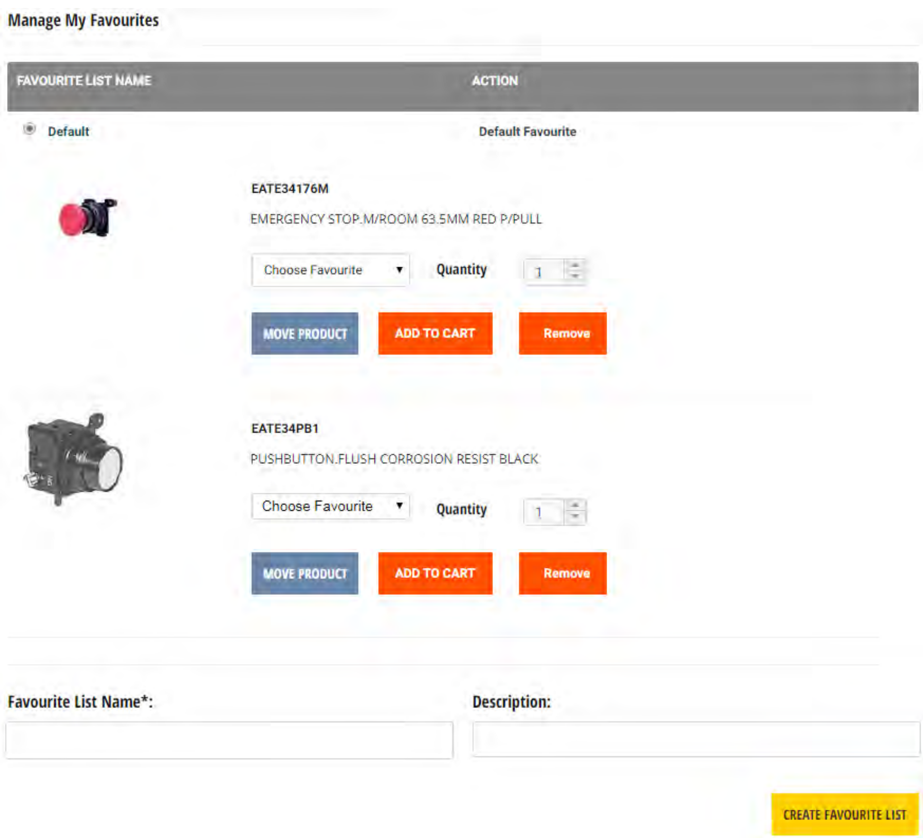
If you click the ‘Add To Wishlist’ button within a product’s details, the product will be added to your default Favourites list. The default Favourites list is selected in the ‘Manage My Favourites’ page, within the ‘My Account’ section.

To move a product from one Favourites list to another:

- Find the product you wish to move.
- Select the list you want to move the product to from the drop down box on the product.
- Click the ‘Move Product’ button on the product and it will move into the new list.

To create a new Favourites list, add the name and description of the list to the form at the bottom of the Favourites page and click the ‘Create Favourite List’ button.

To change the default Favourites list simply select the list you want as the default list from the dropdown at the bottom of the Favourites page and click ‘Change Default Favourite List’.



HISTORICAL INVOICES

You can now access old invoices online, you no longer have to request them from your branch. Your past invoices are in the 'Historical Invoices' section of your online account. You can select any number of them and have them sent to your email address.

To have Historical Invoices sent to your email:

- Go to 'My Account'-> 'Historical Invoices'.
- Tick the boxes in the 'Select' column for all the invoices you would like emailed.
- Scroll to the bottom and click the 'Send Email' button.

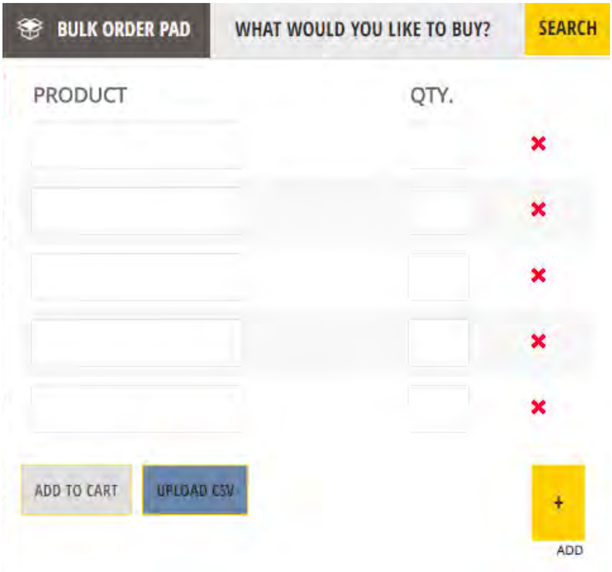
BULK ORDER PAD

The Bulk Order Pad is the quickest and easiest way to add a large number of products added to the shopping cart. It can be found on the right of the main navigation bar of the home page. You simply enter the product code and the quantity you wish to add to the quote then click the 'Add to Quote' button at the bottom of the Bulk Order Pad.

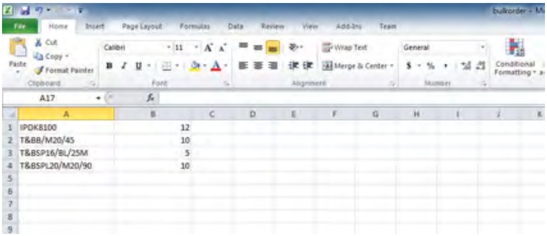


AUTOCOMPLETE

The Bulk Order Pad has an autocomplete function so you can find products fast. Just start typing in a product code and a list of potential products will be displayed for you to choose from. Continue typing the product code until the product you are looking for appears then select it by clicking on the product name.

UPLOAD CSV

You may also choose to upload a CSV with the list of products you wish to add to the Bulk Order Pad. Simply open Microsoft Excel and in the first column, add the product codes of the products you wish to add. In the column next to the product code, add the quantity for each product. Save the file, making sure that the save file type is CSV.



Back in the Bulk Order Pad you just click the 'Upload CSV' button, navigate to where you just saved your CSV and select it. Provided the CSV is correct, the Bulk Order Pad will update with these products and quantities.

SETTING UP YOUR COMPANY

WHAT'S THIS SECTION?

The Sherriff Electrical Wholesalers website now gives businesses the ability to create a hierarchical user structure, giving business manager's control over the amount of money a department or a single person is able to spend with Sherriff. This means the business will be able to watch the bottom line without having the micro-manage every transaction.

Company features include the ability to:

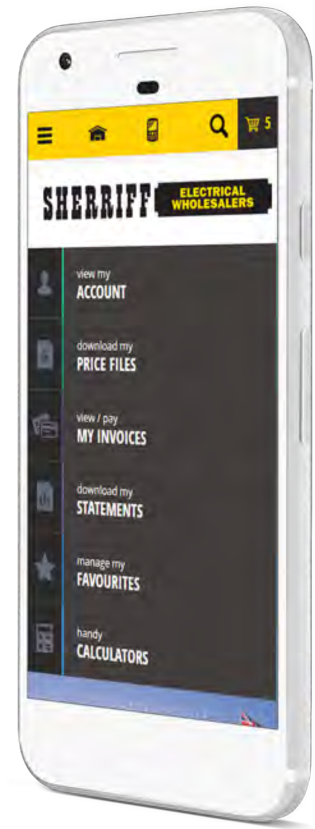
- Create an overall budget for the company;
- Manage the amount a user can spend on an order or in a time period; and
- Create a company hierarchy, departments and usergroups.

Not all the features within the 'My Company' section are required for setting up your Sherriff account, however if you do wish to setup the features listed above the following booklet contains the steps required to implement them.

WHO IS THIS INTENDED FOR?

The functions available within the 'My Company' account area have been targeted towards medium to large sized businesses, primarily companies that have multiple divisions or departments that require different levels of ordering permissions.

Smaller businesses will also benefit if they need to block employees from seeing account details but still allow them to order stock.



STEP 1
BUDGET

The budget you set, limits the amount your entire organisation can spend via the Sherriff website in a given period. The budget can also be assigned to each business unit via the cost centre.

- Click ‘Manage Budgets ‘-> ‘Create New Budget’.
- Fill out the Create Budget form.

*(*Note You can set a start date any day after the current day, allowing you to plan out your budgets over a period of time. For example, if you want to set up budgets on a monthly basis, you can set them all up at the same time.)*

STEP 2
BUSINESS UNITS

Business Units are the groups or departments within your organisation. These units are primarily used in assigning budgets to individual departments and limiting the total amount that can be spent by the company. To setup a Business Unit complete the following:

Manage Units

Units represent a logical grouping of individuals or function within an organization, such as a project team or a department. Units are placed into an organization hierarchy, which is navigable below. Units inherit from their parent unit (unless overridden locally) and as such the placement of a unit within the hierarchy is important. The organization hierarchy also affects such things as available cost centers, budgets, delivery addresses and the escalation of such things as order approval.

CREATE NEW UNIT

she30000_B2BUnit

- Click ‘Manage Business Units’-> ‘Create New Unit’.
- Fill in the appropriate sections of the form.
- Select the parent unit of the group.
- Click ‘Save Changes’.

STEP 3
COST CENTRES

All orders purchased on credit must be registered against a cost centre because the cost centre links to departments within the organisation's structure.

This allows you to control the amount each department can spend by creating a budget and attaching it to a cost centre.

All Cost Centers

All orders purchased on credit must be ordered against a cost center. The cost center's place within the organization structure defines who can place orders against it and its budget defines the limit of expenditure for that cost center at the SHERRIFF Store.

CREATE NEW COST CENTER

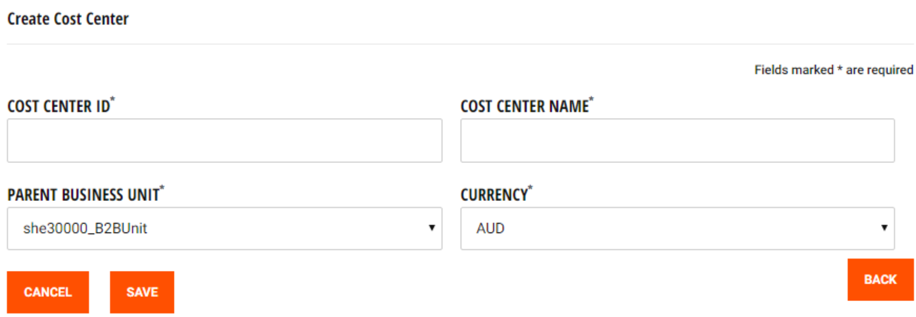
1 Cost Centers found

Sort By: By Name

ID	Name	Parent Unit	Currency	Status
SHE30000_COSTCENTER	SHE30000_COSTCENTER	SHE30000_B2BUNIT	AUD	ACTIVE

To create a cost centre, complete the following:

- Click ‘Manage Cost Centres’ -> ‘Create New Cost Centre’.
- Fill in the appropriate sections of the form.
- Select the parent unit of the group.
- Click ‘Save Changes’.



STEP 4
PERMISSIONS

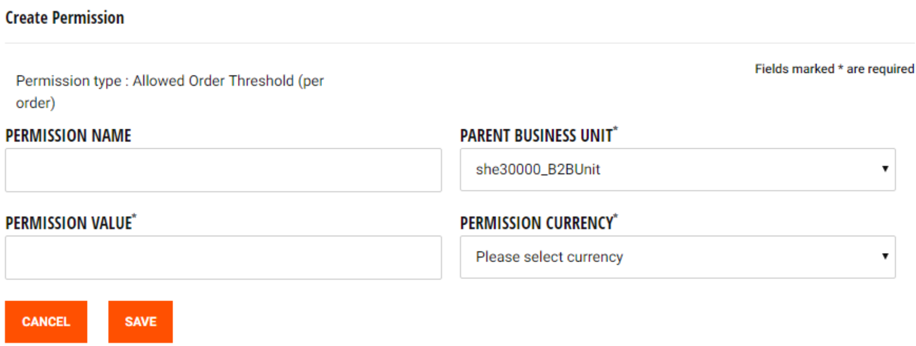
There are three types of user permissions which define the amount a user can spend:

Allowed Order Threshold (per order): Sets a maximum limit a user with this budget can spend in one order.
Allowed Order Threshold (per timespan): Sets a maximum limit a user with this budget can spend within a defined time period.
Budget Exceeded Permission: Gives the user the permission to exceed any budgets created.

To create a new permission complete the following steps:

- Click ‘Manage Permissions’-> ‘Create Permission’
- Select the permission type (style of budget) you require then click ‘Continue’.
- Fill out the form with the relevant details and click ‘Save’ once completed.

If a user creates an order that exceeds the permissible amount the order will be forwarded onto an approver for completion.



STEP 5
SETTING UP USERS

There are four roles that can be assigned to a user, each with different levels of access and permissions.

Administrator: Has control over the entire Sherriff account, can create users, set up users and assign cost centres.
Manager: Has access to the 'My Company' section for the purpose of updating user items. A Manager can also be assigned as an Approver.
Approver: An approver has 'My Account' permissions with an extra tab for any (pending overspend which requires approval). No access to the 'My Company' section.
Customer: Base level access only. Can (view orders they have placed).

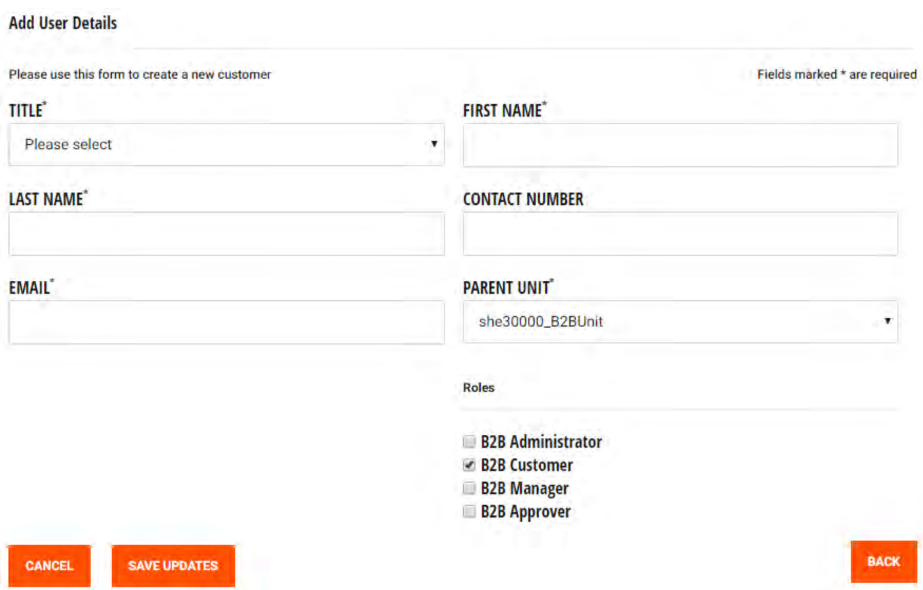
1 Users Found

Sort By: By Name

Name	Roles	Parent Unit	Cost Center	Status
DANNY SYRETT	B2B CUSTOMER B2B ADMINISTRATOR	SHE30000_B2BUNIT	SHE30000_COSTCENTER	ACTIVE

To set up new users and their level of access please complete the following:

- Click ‘Manage Users’-> ‘Create New User’.
- Fill out the appropriate user details.
- Select the appropriate parent unit for the user. This will determine the level of budgets the user has access to.
- Select the role (permission / access level) for the user. Just select one role as all will have base level purchasing access.
- Click ‘Save Updates’.



OPTIONAL STEP 6
USERGROUPS

Assigning a User Group gives a specific user permissions they wouldn't otherwise have within their business unit, i.e. it overrides the usual business unit permissions.

View Usergroup Details

EDIT REMOVE

USERGROUP ID :	TEST2
USER NAME :	TEST2
PARENT UNIT :	SHE30000_B2BUNIT

Permissions

Permissions define the financial limits of a user. Permissions can be on a per-order or per-timespan basis.

EDIT

Permission Name	Currency	Value	Timespan	Parent Business Unit

Users

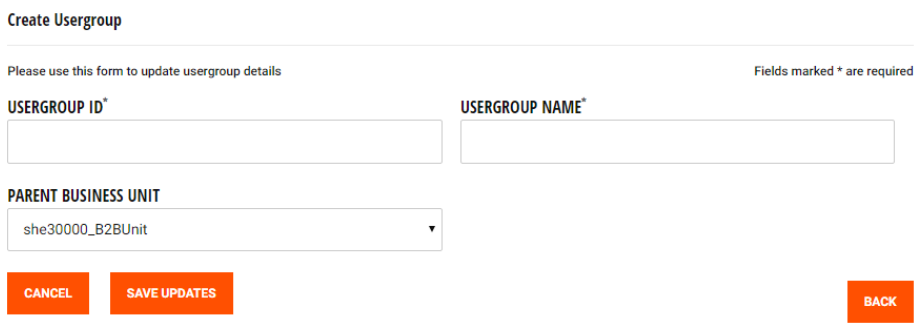
Users within a Usergroup will in-effect be assigned the Permissions of the Usergroup.

EDIT

User Name	Parent Unit

In order to create a new User Group please complete the following steps:

- Click 'Manage Usergroups'-> 'Create New Usergroup'.
- Fill out the appropriate user group details.
- Select the parent unit of the group.
- Click on the newly created user group within the 'Manage Usergroups' page.
- Edit the permissions of the user group by clicking the 'Select Usergroup' button and select what level of permissions you want the group to have.
- Select which users to add to the user group by selecting them, and clicking 'Edit' from the users second of the usergroup details.



OPTIONAL STEP 7
EDITING A USER

Once you've created a user you may want to add them to a user group, change their parent business unit, or give them a specific permission level. This can be done by clicking 'Manage Users' within the 'My Company' section.

Approvers

You can add an extra person to be an approver for individual users. Approvers are users that have been assigned the Approver role.

Permissions

This is where you can add or edit the financial limits for a user. The limits can be either per-order or per-timespan. See Step 4 for setting up permissions.

User Groups

You can also add the user to a specific user group here. User groups give the user permissions they wouldn't otherwise have within their business unit. See 'Optional Step 6' for creating user groups.

VIEW USER: she30000

The functionality available to a user is dependent on the roles they have. In general, the visibility and jurisdiction of a user is restricted to the branch of the unit to which they are assigned.

ROLES

A user is an individual who is able to login to the SHERRIFF Store. The functionality available to a user is dependent on the roles they have. B2B Administrators have access to the My Company area to modify the organization hierarchy. B2B Managers can view statistics on the sales of the organization (awaiting implementation). B2B Approvers can approve orders for which the B2B Customer did not have enough permissions. B2B Customers can place orders in the SHERRIFF Storefront.

Roles
B2B MANAGER
B2B CUSTOMER

APPROVERS

The approval process will assign orders to approvers if the customer placing the order has insufficient permissions to do so. By default approvers are picked from the organization hierarchy, but additional approvers can be assigned to a specific customer here.

EDIT

CLOUD INVOICE INTEGRATION

SIMPRO AND LINK4

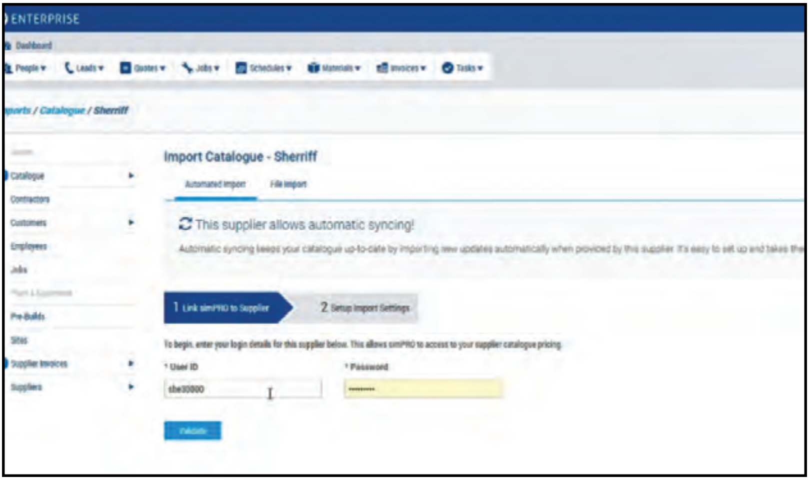
We are continuously updating and improving the Sherriff Electrical Wholesalers website and now our customers can integrate with third party, cloud software systems, such as **simPRO** and **Link4**. The integration is seamless as it will allow you to connect your online Sherriff account to **simPRO** and cloud accounting software such as **MYOB** or **Xero** using **Link4**, in relatively simple steps.

SIMPRO

AUTOMATED CATALOGUE UPDATES (PRICING AND PART NUMBERS)

The Sherriff-simPRO integration enables you to automate updates to your catalogue price and part number files. To link your Sherriff catalogue to simPRO:

- Log into your simPRO account.
- Click 'Utilities' -> 'Import'.
- From the 'Imports' Menu on the left, click 'Catalogue' -> 'Sherriff'.
- Enter your Sherriff account username ***(she12345)*** and password.



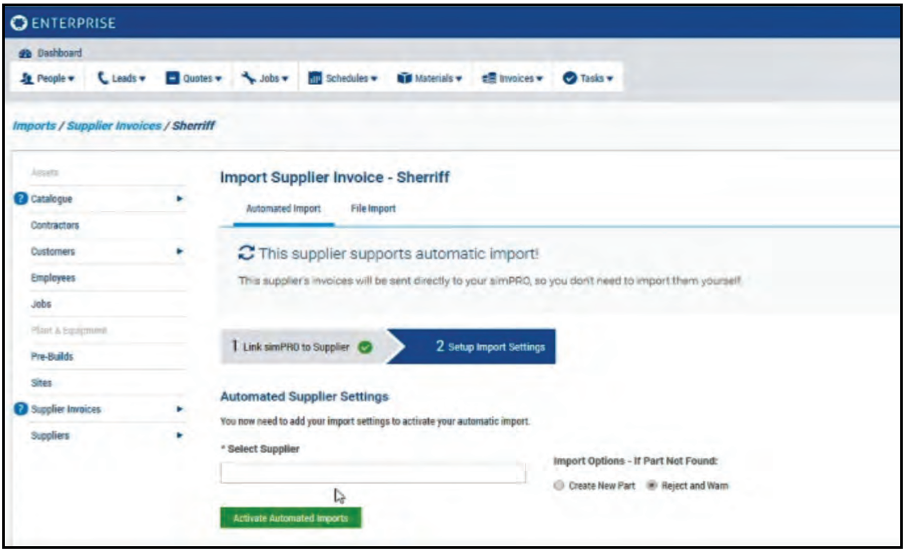
Once you have validated using your credentials, select your supplier in the 'Select Supplier' field. Click the 'Activate Automated Imports' button. A success message will be displayed: *'Automated imports are active for this supplier'*.

SIMPRO

AUTOMATED INVOICING

To enable automatic invoicing for your Sherriff-simPRO integration:

- Log into your simPRO account.
- Click ‘Utilities’ -> ‘Import’.
- From the ‘Imports’ Menu, select ‘Supplier Invoices’ -> ‘Sherriff’.
- Enter your Sherriff account username ***(she12345)*** and password.
- Select your supplier from the ‘Select Supplier’ field.
- Click the ‘Activate Automated Imports’ button.



For a comprehensive video tutorial, use the following link:

https://sherriff.com.au/simpro

LINK4

SEAMLESS INVOICE DELIVERY

Introducing seamless invoice delivery with the Sherriff-Link4 integration. If your business uses cloud accounting software such as **MYOB** and **Xero** you can activate the e-invoicing service using Link4. Receive invoices straight into your accounting software (**MYOB or Xero**), at no cost to you or your business.

LINK4

HOW TO ACTIVATE LINK4

You can activate your e-invoicing service with Link4 in three steps:

- Enter the following link to open the Sherriff-Link4 portal. https://secure.link4.cloud/sherriff_signup.php
- Input all the required information, including your Sherriff account number.
- Inform your local Sherriff branch/store that you would like your invoices to be sent to Link4.

For more information, visit the Sherriff website and check out the Link4 page at https://sherriff.com.au/she/en/AUD/sherriff-link4
